

Beach Scavenger Hunt 2 – Tricky Things

I'm pretty sure that many of you will be visiting a beach or two over the summer holidays, so here is a list of trickier things to spot to test your Nature Detective skills. All of these things are possible to find along the Berwickshire and Northumberland Coasts.... It might take you all summer and a few beach visits to find them all though!

Lichen Patterns

Jelly Fish (Blue Jellyfish – be careful some sting!)

Star fish

A fossil – this is a coral fossil (Berwickshire)

A sea potato or heart urchin

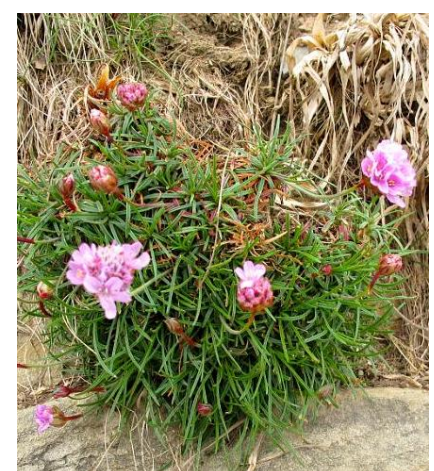

A Blue coloured butterfly (Common Blue)

A Heart shaped pebble

Whelk egg case

Sea Thrift or Sea Pinks
