

Family Photography Challenge

Time to get happy and snappy! Do you like taking photos? Do you ever practice taking photographs of wildlife? For this challenge you'll need to spot things and then try to take great photographs of them instead of gathering them up. You'll need a steady hand for some!

Good luck... I hope that you have fun.

A cloud shaped like something...
(This is my sneezing squirrel!)

Interesting moss (a miniature forest!)

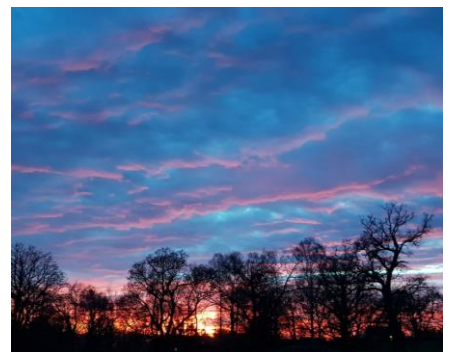

Patterns in wood

Mini-beasts close up

A butterfly relaxing

An amazing sunset

Interesting fungi or toadstools

Something weird & wonderful
(This is Blue Stain Fungi)

A close up of a bird
(A gull watching me eat my car picnic)

Bonus Challenge - collect some photo evidence of your family getting up to these things:

Your family making a den
Your family skimming stones
Your family hugging a tree
Your family splashing in water
